

Ms Sarah Sheppard
Executive Director
Essential Services Commission
Level 8, 570 Bourke Street
MELBOURNE VIC 3000

Attn: Sugi Sivarajan, A/Senior Regulatory Manager of Regulatory Operations

Dear Ms Sheppard

RETAIL LICENCE REVIEW – SECOND CONSULTATION

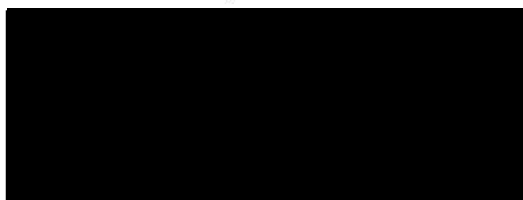

I refer to your letters of 27 April 2022 in respect of the proposed changes to Tango Energy Pty Ltd's (**Tango Energy**) electricity and gas licences. Tango Energy maintains that all licence conditions should be set out in a single consolidated document as opposed to the proposed structure that provides for an overarching energy licence and a schedule of licence conditions.

Notwithstanding this, Tango Energy acknowledges that the Essential Services Commission (**Commission**) has addressed the substantive matters raised by Tango Energy in its previous submission. In view of this, Tango Energy accepts the Commission's proposed amendments to its electricity and gas licences, as specified in the Commission's revised licence and standard licence condition templates of 27 April 2022.

In respect of the email address for service under clause 2.1(ii) of Tango Energy's electricity and gas licences, correspondence from the Commission to Tango Energy should be emailed to compliance@tangoenergy.com.

We thank the Commission for taking into consideration the feedback of Tango Energy and other retailers as part of this consultation process.

Yours sincerely
